

Notice of Public Information Meeting for Freeway Modernization study

Modernization Project

The Michigan Department of Transportation (MDOT) and their consultant CH2M HILL invite you to attend the second public information meeting open-house regarding the I-94 Jackson Freeway Modernization Study. The purpose of the meeting is to review the development of preliminary alternatives, traffic studies, and environmental studies. Representatives from MDOT and CH2M HILL will be available to answer questions and listen to your suggestions.

The open-house will be held April 24th at Baker College of Jackson, 2800 Springport Road, from 3:30pm - 5pm and from 7pm - 8:30pm. Stop in anytime between these hours to share your thoughts and ideas with our study team.

There will be more public involvement opportunities as the study progresses. If you can not attend the April 24th meeting and would like more information on the study please contact one of the following:
